

# Dance Plus Recital Day 2022

## Show Day Schedule

The show order has been updated as we were recently informed that the venue revised the original floor plan. The space will be configured with conventional theatre seating which has afforded us the opportunity to consolidate the show in to two (2) acts instead of four (4). When purchasing tickets remember that your dancer must have a ticket . You will not need to purchase this ticket, but it must be included in your total ticket count. Tickets go on sale on Saturday, May 14th at 9:00am.
