

## DancePlus

### Indoor COVID-19 Procedures

The following guidelines will be enforced to keep our students and staff safe and healthy once we resume indoor classes.

- Staff and students will be asked to stay home
  - If they are feeling even slightly under the weather
  - If they have travelled outside of the country within the last two (2) weeks
  - If they or anyone in the household has been exposed to anyone who has tested positive for COVID-19 in the last two (2) weeks
- Parents are asked to drop their student at the front door and not enter the studio. A staff member will be at the door to escort your student in.
- A check-in period will be built into the schedule before each class. Students who arrive after this check-in period will not be admitted to the studio.
- Students are not permitted to leave the studio and then re-enter except during a check-in period.
- All staff and students will be screened for COVID-19 symptoms before entry to the studio and given a temperature check with a "no-touch" thermometer.
- All staff and students are required to wear a face mask/covering while inside the studio.
- Students are asked to bring only what they need to dance into the studio. Please leave school bags in the car or at home.
- Once the student(s) have passed through screening:
  - Students will be given two (2) bags in which to place their belongings when they enter the studio
    - **Bag One** for anything they need to bring in the dance space with them (water, snack, dance shoe changes)
    - **Bag Two** for things they don't need to dance but can't leave at home (street shoes, coat, cellphone, keys, wallet).
    - If the student must bring their items in a small dance bag, please be very organized and have the items you need in the dance space easy to pull out to help the check-in process go quickly and smoothly.
  - Students will place their shoe bag in an **assigned cubby** in the back of the studio.
  - In the studio, 6x6 squares of tape will be marked on floors to insure 6 feet physical distancing while students are dancing. Each student will be assigned a square to dance in.
- Proper distancing will be maintained when students take turns working across the floor.
- Signs will be placed in each bathroom reminding students of proper safety procedures.
  - Bathrooms will be accessible on an **EMERGENCY BASIS ONLY**
  - Parents are encouraged to direct dancers to **use the facilities at home**
- Hand sanitizer stations will be available throughout the studio.
- The studio has been cleared of any non-essential items such as toys and mats.
- The studio will be thoroughly cleaned and sanitized throughout the day and after every class. We will have scheduled breaks in between classes to clean floors and other equipment in the studio.
- The **lobby** and **Studio B will be closed**. Class sizes will be limited.
- To accommodate our students who take multiple classes:
  - We will be grouping 2 to 3 classes together by age with one check-in at the beginning of that group. All students will take the first class.
  - Any students who do not wish to register for the 2nd or 3rd class will be dismissed and students who do register will stay in their spot in the dance space. Same for the 3rd class.
  - No new students will be able to join the 2nd or 3rd class in this grouping. This will allow us to not have to clear the entire building of students, clean, and repeat the check-in procedure before each class for the many students who take multiple classes together.
- We will also continue to offer some single classes for our students who prefer that option.

- Classes will also be available via Zoom for students who do not wish to come to the studio, but still wish to take class
